

## PHARMACEUTICAL CHEMISTRY

The teachers and students of this department are working in various areas of research such as pharmaceutical analysis; drug development, drug design phytochemistry and drug screening and synthesis of medicinal and related substances through QSAR, their structure elucidation and characterization. Our department steadily attracts academically and professionally talented students. While our program offers a rigorous didactic and experimental education curriculums, our students also benefit from our research facilities, and healthcare practice settings. As a worldwide recognized leader in Pharmaceutics and Pharmaceutical Chemistry, our current student body is diverse and reflective of the national and global population. We actively seek students with our core values of integrity, caring, excellence, commitment, innovation, learning and professionalism.

## **STAFF PROFILE**

**Name of the Staff** : Prof. Vinayak Madhukar Gaware

**Qualification** : M.Pharm

**Department** : Pharmaceutical Chemistry

**Teaching Experience** : 06 years

**Administrative Experience** : --

**Number of Research Publications** :03

## **STAFF PROFILE**

**Name of the Staff** : Prof. Rohit Jaysing Bhor

**Qualification** : M.Pharm

**Department** : Pharmaceutical Chemistry

**Teaching Experience** : 04 years

**Administrative Experience** : --

**Number of Research Publications** :08

## **STAFF PROFILE**

**Name of the Staff** : Prof. Kaveri Tukaram Vaditake

**Qualification** : M.Pharm

**Department** : Pharmaceutical Chemistry

**Teaching Experience** : 02 years

**Administrative Experience** : --

**Number of Research Publications** :02

## **STAFF PROFILE**

**Name of the Staff** : Prof. Jayashri Kerupatil Landge

**Qualification** : M.Pharm

**Department** : Pharmaceutical Chemistry

**Teaching Experience** : 06 months

**Administrative Experience** : --

**Number of Research Publications** :00
