Institute Vision:

To provide quality technical education to rural students.

Institute Mission:

M1: To impart trainings for developing hands on skills.

M2: To Develop technical skills by practicing the best teaching-learning pedagogies.

M3: To enhance career opportunities through industry connect.

Program Vision

To develop rural students as skilled technocrats in the Cloud Computing field.

Program Mission

M1: To impart the trainings to develop skilled students.

M2: To provide technical knowledge through best teaching learning practices.

M3: To develop career oriented students through higher education and industry engagement.

Program Specific Outcomes (PSOs):

PSO1: Implement the concepts of fundamental engineering, software, cloud and database to develop the solutions for engineering problems.
PSO2: Apply cloud computing and computer knowledge for development of innovative products.
PSO3: Design and develop quality product using programming and virtual environment for industry and society.

Program Education Objectives (PEOs)

PEO1: Utilize cloud computing skills to handle the data storage problems.

PEO2: Implement the technical knowledge to meet the growing needs of cloud computing profession.

PEO3: Enhance the career growth through continuous learning and industry support.
