## Message from the Chairman

Dear alumnus,

It gives me immense happiness to present to you yet another issue of the “Pravara Alumni

Newsletter”. As we have stepped into another year of possibilities, hopes as well as avenues, we look forward to your never ending support for upliftment of quality of education.

The onset of this year saw a lot of bloodshed in the form of Pulwama attack wherein many valiant CRPF personnel were martyred. We pay our homage to those brave hearts who laid down their life for our safety. Let us all pray for a better & safe India and prepare the next generation to bring peace not strife.

# Message from the Director General

Dear Members of the Pravara Family

It was both an honour and the fulfilment of a dream when Shri Radhakrishna Vikhe Patil invited me to lead the PRES as its Director General. It is true that I have held public appointments of some consequence - Chairman NABARD, Executive Director RBI, Chair of the Working Group on Cooperation and Finance in the Planning Commission for the 11<sup>th</sup> and 12<sup>th</sup> Plans, CEO of the Rajiv Gandhi Trust, Director on the Boards of Tatas, Britannia, Rallis, GoAir and so on - but the truth if it be told is that as a young man I wanted none of these. What I wanted was to become a teacher in a village school and help mould the generation that would shape India in the years to come. The present appointment is therefore, deeply gratifying.

A Director General has two broad roles: First, he helps the Management to formulate the vision which should drive the institution, design the policies and the strategies to achieve the same. Second, he has to act as the guardian of the interest of the students and the watch dog for ensuring that the affairs of the Trust are carried out in a manner which is fair, above board and transparent. Quite obviously he cannot discharge these duties all by himself but must rely on the support and cooperation of all stake holders.

I am writing to you for 3 reasons:

1. To promise you that i will do my best to fulfill the tasks devolving on me. So help me God.
2. To ask you to be constantly mindful that being in the education space our first and foremost duty is to our students.
3. To request you to remember that our second duty is to preserve the name and image of the institution which we serve.
4. To impress upon you that our own interest, comfort and convenience come last - always and every time.

( Dr. Y S P Thorat )
